Ceramics I "F"or "G" UC/CSU A-G Requirement

All Grade Levels 10 Credits

Course #6010 Prerequisite- None

Ceramics I is an introductory class exploring the world of clay. We make lots of fun projects and learn how to manipulate clay into functional pieces of art. Emphasis will be placed on the design elements; line, shape, texture, form, and color. Focus will be on the hand building techniques; pinch, coil and slabs. Functional as well as sculptural applications will be explored. Introduction to traditional and historical ceramic arts will be incorporated into the lab experiences. Students will be introduced to the craft of wheel thrown pottery second semester. Various glaze and decoration techniques for finishing work will be introduced in the beginning class. This class is repeatable for credit.

Advanced Ceramics "F"or "G" UC/CSU A-G Requirement

Grades 10-12 10 credits

Course #6030 Prerequisites- Completed Ceramics I

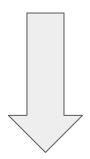

Advanced Ceramics is a course that will prepare students to explore the world of 3-D art and ceramics. Students will have the option of working in various mediums and incorporating those into clay projects. Advanced clay topics such as under glaze, throwing, and sculptural projects will be explored. Students will spend the first semester working on reinforcing skills from Ceramics 1, and second semester we will focus on the wheel and a concentration/portfolio body of work. Students are encouraged to work in whatever method they prefer and are given individual attention and guidance through teacher feedback and class critiques. This class is repeatable for credit.

Drawing and Painting "F"or "G" UC/CSU A-G Requirement

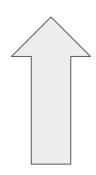

All Grade Levels 10 credits

Course #6040 Prerequisites- None

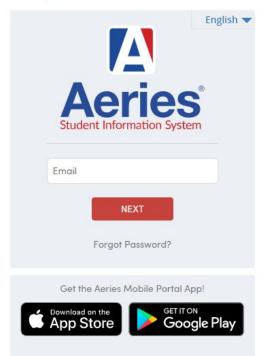

Drawing and Painting is designed for students in their first year of Drawing and Painting. Drawing skills will be emphasized from both direct observation and photographs of the figure, still-life, landscape, and architectural forms. Students will incorporate an understanding of design principles, color theory, critical thinking, and problem solving in their artworks. These concepts will be introduced and illustrated throughout the course
