Training student-athletes to use their hearts, minds, and bodies well in order to enrich their high school experience and prepare them for life beyond Christopher High School.

Athletics are an integral part of the whole educational experience. The CHS Athletics program will conduct itself in a way that is both complementary and supportive of student academics. We will provide meaningful learning opportunities that are not always addressed in curriculum. Our student-athletes will grow as individuals and we will assist in developing their habits, attitudes, and ideals that are necessary for ethical competition and participation as adults in society.

We welcome you and your teams to our facilities and hope this plan makes your experience wonderful
